**RESOLUTION ON MORENO VALLEY CHECKPOINTS**

Whereas the Fourth Amendment to the Constitution of the United States guarantees the right against unlawful search and seizure

Whereas the Fifth Amendment to the Constitution of the United States guarantees the right to be presumed innocent, and protects against the loss of life, liberty or property without due process of law

Whereas The Libertarian Party supports the principle of freedom of movement

Whereas the taxpayers of Moreno Valley pay for the building and upkeep of streets and roads in Moreno Valley, and have therefore a presumptive right to use the streets and roads they pay for,

Whereas Police Checkpoints on roads violate the principles of the fourth and fifth Amendments to the Constitution of the United States; interfere with freedom of movement; interfere with the use of streets and roads by the taxpayers who pay for them; and can result in arbitrary seizure of property without due cause, or due process.

Therefore be it resolved that The Riverside County Libertarian Party opposes the policy of the Moreno Valley city government to use Police checkpoints as a revenue-raising measure or for any other reason.

Be it further resolved that we applaud the efforts of those in Moreno Valley who have opposed the Police Checkpoints and warned the community about them..
